

# MOUNT LANGI GHIRAN

The Cliff Edge Riesling is sourced from two premium sites at Mount Langi Ghiran; the Langi Old Block Riesling planted in 1975 makes up the core of this blend, with the remainder harvested from our Hollows vineyard – a marginally warmer site on the northern slopes of Mount Langi Ghiran.

Langi's very cool climate, together with granite sands and minimal irrigation delivers great purity and stunning natural acidity. The Hollows brings beautifully lifted floral and spice aromas, and wonderful texture and generosity to the palate. Together, the two create an intense and balanced wine with great cellaring potential.
